

ASEAN Federation of Physics Societies-CERN Workshop on

FRONTIERS OF PHYSICS

30 AUGUST 2017

NANYANG EXECUTIVE CENTRE, NTU

The Association of South-East Asian Nations (ASEAN) celebrates its Golden Jubilee (50 years) of formation this August and as part of the celebrations, the idea of forming a Federation of Physics Societies (AFPS) to forge closer ties among the ASEAN nations in Physics and the sciences was mooted. In conjunction with the ASEAN meeting on 29 August 2017, IAS will organise a one-day Workshop on Frontiers of Physics on 30 August 2017 to expose young researchers to developments in their fields and related sciences.
